"We're glad we chose
Western Maine
GUARANTEED TO LIVE
Evergreens"

SPRING
1951

4 BIG SPECIAL OFFERS INSIDE

Everyone Admires A Beautiful Home!

For only a few dollars you can make your home a "show place" of living beauty . . . a home that you and your family will be proud to have pointed out as one of the loveliest in your neighborhood. Yes, a few dollars invested in a planting of Maine-grown Evergreens can actually add as much as \$1000.00 to the sale value of your house and grounds!

More and more folks are discovering that Evergreens are the thriftiest things anyone can add to their home. You'll be amazed at the difference that an eye-appealing planting can make. Graceful foundation plantings and hedges, doorway and window decorations, and inviting lawn and garden entrances produce a restful "outdoor living room" — one that wins praise and admiration from all.

Beauty is important — and so is economy, provided quality is not sacrificed. That's why you'll like my Living Trees. They give you the natural beauty you want, every tree is of thoroughbred quality, and you save money! You save money two ways: First, their original cost is unusually low, far less than what you would pay at most nurseries; second, you have no replacement cost. I guarantee every one of my Trees to live or I'll replace FREE OF CHARGE any that die!

Turn now to the inside pages of this folder. See the pictures and descriptions of my Western Maine Trees, decide on the ones you want, then place your order for Spring planting.

"Which Trees Shall I Plant?"

For Windbreaks or Screens

Plant tall-growing, thick foliage varieties: American Arborvitae, Scotch Pine, Norway Spruce, White Pine, White Spruce, Banks Pine, and Red Pine.

For Hedges and Boundary Markers

Bound your property in friendly fashion with these kinds: American Arborvitae, Norway, White or Red Spruce, White Pine.

For Decorations

Frame doors and windows with these easy-to-plant Evergreens: Colorado Blue Spruce, Engelmann Blue Spruce, Scotch Pine, Black Hill Spruce.

For Group Planting

Grow a specimen or group planting you'll be proud of with these hardy Trees: Balsam Fir, Douglas Fir, Colorado Blue Spruce, Engelmann Blue Spruce, Black Hill Spruce.

"Well Satisfied"

"Trees I purchased from you some years ago have given me considerable pleasure and satisfaction, and I find it a pleasure to have my orders filled by such a dependable nursery."

—Miss R.D.G., Philadelphia

Western Maine Trees Are GUARANTEED-TO-LIVE

*Grown for extreme Summer and Winter conditions —
Carefully transplanted for stronger, well-established root systems*

American Arborvitae — Also called White Cedar. Excellent for hedges and windbreaks. Dark green foliage. Easily pruned. Moist soil. Mature height 40 to 50 ft.

Balsam Fir — Symmetrical, fragrant. Flat blue-green needles. Prefers medium to heavy soil, thrives in shade. Mature height about 50 ft.

Douglas Fir — Soft dark green to gray-blue needles. Rapid grower. Medium soil. Mature height about 40 to 60 ft.

Fraser Fir — Shiny dark green foliage with white bands underneath. Grows in medium to moist soil. Mature height 40 to 50 ft.

European Larch — Bright green feather foliage. Deciduous. Moist soil. Slender pyramidal form. Very fast growing. Mature height 60 to 70 ft.

Austrian Pine — Deep green foliage. Prefers rich, light loam with well-drained subsoil. Good for city and sea-shore planting. Mature height about 50 ft.

Banks Pine — Fast growing. Warm, yellow-green foliage. Shortest needles of any pine. Excellent for planting in barren sand. Mature height 40 to 50 ft.

Mugho Pine — Dwarf, spreading, slow growing. Hardy except in wet soil. Prunes at any height. Mature height 6 to 10 ft.

Scotch Pine — A rapid grower. Ornamental, light gray-green foliage. Will grow in poor soil. Best for quick-growing screens. Mature height 50 to 60 ft.

White Pine — Rapid grower. Prefers light, sandy soil. Spreading limbs, but easily adapted to windbreaks and screens. Mature height about 80 ft.

Black Hill Spruce — Lovely relative to White Spruce. Bright foliage, green to bluish tint. Grows bushy, compact, symmetrical. Medium wet soil. Mature height 25 to 40 ft.

Engelmann Blue Spruce — Blue-green to steel blue. Bears purple flowers. Prefers moist soil. Mature height 30 to 40 ft.

Norway Spruce — Dark green, graceful, symmetrical. Excellent for hedges and windbreaks. Heavy soil, will grow in partial shade. Mature height about 80 ft.

White Spruce — Light, silvery-green foliage. Symmetrical. Makes good hedges and windbreaks. Moist soil. Will grow in partial shade. Mature height 25 to 50 ft.

*Check the Benefits
My Trees Give You!*

- ✓ **Beauty:** Lovely evergreens double the charm of your home, and the increased attractiveness gives your home real extra-dollar value, too! Block off undesirable views with a handsome stand of evergreens.
- ✓ **Mark Boundaries:** Evergreens make friendly, permanent boundary markers . . . a living fence that never needs painting or upkeep expense! In front and along walks, clip as hedges — at sides or back, let them grow to towering trees.
- ✓ **Provide Privacy:** A thick screen of evergreens will make your yard a haven of privacy. If you have a small lot and want to make it look spacious, an evergreen planting, used right, will give the yard a BIG LOOK.
- ✓ **Save Fuel:** A windbreak screen along exposed lot lines and foundation plantings close to the house will help cut winter fuel bills! In summertime the trees will ward off the sun's hot rays and keep your home cool and fresh.

MAKE *Extra* MONEY WITH CHRISTMAS TREES

Added Income: Many customers raise Evergreens as Christmas Trees. It's profitable work and requires practically no time or bother on your part. Write today for my special bulletin on this easy money-making sideline.

WHATEVER THE DESIGN OR LOCATION OF YOUR HOME— Plant My **GUARANTEED-TO-LIVE TREES!**

Nothing else contributes so much to your home and grounds as Living Trees. A good planting will give you satisfaction for years and years, growing in beauty and value with each passing season.

Thousands of folks have had wonderful results from the millions of young trees which have been grown at our nursery the past 25 years. Folks like our Maine-grown Trees for they live — we **GUARANTEE** them to live! Our Trees get a strong, healthy start in early life because the vigorous Maine climate weeds out all but the sturdiest of Trees. After the first full year's growth I give my Trees no further care except to cultivate and transplant them at the proper time. This transplanting makes the roots strong, healthy and well developed. If the roots are virile, the Tree will thrive under most any soil and climate condition. If my Trees can survive the 30-below cold blasts of winter and the heat of summer in this part of Maine, then they'll grow for you.

Read My Guarantee!

I believe it's the only one of its kind in the nursery field, assuring you low-cost, long life protection for your Tree planting investment. I want you to feel that you can send me an order and be sure that you will get Trees that live and grow, that there's no risk of any kind on your part.

Anyone Can Plant My Evergreens

Some folks seem to think that a lot of special experience is needed to plant Evergreens and for that reason put off planting them. Evergreens are among the easiest of all ornamentals to look after, and once you see the wonderful results you get from even a simple planting, why you'll find lots of other exciting ways to use them around the house and grounds. I include all the information and directions you need with every order and nothing is left to chance. My Trees are easy to maintain. You won't be spending all your time taking care of them. Once planted, they require almost no care.

No Lower Prices Anywhere!

The know-how of growing and shipping millions of Living Trees has made it possible for us to offer hardy Trees at prices far below what you would pay elsewhere. At my low prices — as little as 8c per tree! — you can afford **ALL** the evergreens you want to start or complete a planting. Only a few dollars will landscape the average home. Remember, too, that every Tree from Western Maine Forest Nursery is true-to-name quality.

It's Wise To Order NOW!

Decide now on the number and kinds of Trees you'll want. Then look at the big Price List Box to see how little your Trees cost! Look at the 4 **SPECIAL OFFERS**, too, to take advantage of these special-priced assortments. No matter how many more Trees I plant each year, I can't seem to keep up with the demand. Advance orders usually exhaust supplies of some varieties by the time digging starts, so to be on the safe side send me your order with remittance **TODAY** for Spring delivery about April 15th.

Guarantee

I **GUARANTEE** to replace **FREE OF CHARGE** any Tree ordered from this folder which does not live — provided you tell me before October 1, 1951, how many trees must be replaced. If unable to replace with the same size, we will replace with the nearest size and variety. This **GUARANTEE** covers all trees in this folder.

Upright Yew (Taxus)		8-10 in.	60.00	16.00	8.00	4.50

"T" after age of tree means one transplanting; "TT" means two transplantings.

MINIMUM ORDERS

Because of the excessive cost of packing small orders, no order will be accepted for less than five trees, and no order for less than one dollar value. All orders must be in multiples of five trees of one kind and size.

SHIPPING WEIGHTS AND TERMS

All prices on this page except our four special offers are F.O.B. Fryeburg, Maine. Cash with order, or shipped C.O.D. if one-half amount accompanies order. Approximate shipping weights: 3 and 4 yr., once transplanted, average 10 lbs. per 100 trees; 5 yr., twice transplanted, average 30 lbs. per 100 trees; 6 yr., twice transplanted, average 35 to 50 lbs. per 100 trees.

**WHITE PINE

White Pine may be shipped into all states (and the District of Columbia) except Arizona, California, Colorado, Georgia, Kentucky, Nevada, New Mexico, North Carolina, South Carolina, Tennessee, Utah, and Wyoming.

LARGER TREES

Larger trees than those offered in this price list must be handled with a ball of earth around roots, which makes transportation charges excessive unless you live in Maine or New Hampshire. Outside those states, buy larger trees from your local nurseryman.

*ON ALL FOUR SPECIAL OFFERS, add 25c for postage on each shipment west of Mississippi River or south of North Carolina and Tennessee. We are unable to make any changes in these Special Offers. If you desire some other assortment, use the regular price list above.

Western Maine
Special C

These Trees will help make your landscape attractive and also save you money. Order Landscape Special NOW!

SPRING PLANTING TIME

Your Trees will be ready to plant as soon as they arrive. Living south of me, your growing season starts before mine does here in Maine. I have to wait until the frost leaves the ground before I can dig your Trees. Often this is around the middle of April — sometimes before. As soon as it's possible, I'll dig and ship your Evergreens. Plant them at once when they arrive. Just follow the simple directions sent you with your tree order. Your trees will be ready to burst into quick-growing life for a lifetime of living beauty. Order your Western Maine Trees NOW!

For Best Selections, Order NOW!
